#### service there on Sabbath next. MR. MORTINERS BENEFIT.

To morrow night this exceedingly efever actor, presents his name for the first time, as a beneficiary before a Nashville public, and we hope he may receive a benefit that will ever be to him a source of pride and pleasure. Mr. MORTIMER has been with us but a short time, but in that time has become a great favorite, both as an actor and a gentleman. His acting we have never heard criticised by any one, and we think that had he been endowed with a lit le more physical power, he would ere this have ranked among our brightest stars. True merit should not go narewarded, and we advise all our theatre goess to tash out and give him abenefit that will be benefit at bot ato his pride and pocket.

Dien-O : the loth tost, Mrs SABAR H., wife of James H. Kruricick Her funeral will take place from his residence on Union street, this evening at three o'clock. Their friends and acquaintances are respectfully

In this mammon worshiping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the 'City of Spindles," we were presented by a professional friend, to the celebrated Chemist, Dr. J. C. Ayer, whose name is now perhaps, more fam liar than any other, at the bedside of sickness, in this country. Knowing the unprecedented popularity of his medicines, and the immense sale of them, we had expected to find him a millionare, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his cracibles, alembics, and retorts-giving his best personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in each, the Doctor is not rich. TO THE PUBLIC OF THE UNITED STATES.

AN advertisement of Mr. Unothers. Wolfers, intely published, as I suppose, intended for the protection of his Schiodam Schapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiodam Schapps, were I to let it pass without notice through this medium, I might be considered among broas he denominates "Parates and Passes" but the Immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to list qualifies as a beverage and its medical tent judges as to its quarifies as a beverage nuclity medical virtues, precludes the possibility of the idea that I am included among those he designs to imp gu. No doubt he feels aggreered at the depreciation of the sale of his Schnapps which is manifest to all, since mine has been brought in competition with his. Not only have I succeed in competiting with him in quality, but the constant and increasing demand of my article, has enabled me to furnish it at a less price than he can or dors—say \$2.00 in the dozen. And furthermore, he will soon become satisfied that his cand-in to the editions of the "Southern and Western States" will avail him nothing as far as I am concerved, for the character of my Schledam Schapps is bo well established in those States, to be injured by any such invidious publication.—The motive of his a vertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the satisfaction of the public, publish a copy of my Patent hight, entered in the Southern District of New York, on the 22th day of December, 1854:

And I take pleasure on this occasion to tender my sincero thanks to the publicin general, and to my risuda in particular, for the kind liberalt; with which they have patronized me from my commencement of this enterprise, and I assert them, that I shall continue to provide them always with a genuine and superior article of Schedam Schnappe.

P. S.—The word Schiedam Schnapps is derived from a town in Holland Schleden Schnapps is derived from a place of extensive Juniper Plantations and numerous Distilleries of the above article.

REPOLTS AND PUBLIC LETTERS. Cathoun, Clay and Webster are three names which will ong be vaneraled by American citrees. Of the three Cathoun, during the early part of his life, was perhaps the greatest favorite with the people. His highly cultivaed mind, profound views of government, and his pure character, gave great weight and importance to his op 1 ions with all parties. Of the writings and speeches of American statesmen, there are scarcely any which bare so directly upon the great massures adopted by our Gavern ment, during the last forty years, as those of the lamentoil Calboun. The War, the Revenue System, the Currency, and States Hights, were subjects upon which he took a leading position, and greatly aided the decisions which were made on them. With those who take an interest in
